Remember This

Humans like to be independent. But God designed us to be dependent on Him in life.

God has a plan for each person and one specifically for you.

God's plan is to bring you abundant life in this broken world and eternal life in eternity.

God's plan includes a free gift of forgiveness and His indwelling presence.

Most people will ignore His offer but He never gives up on us.

The gift of the Holy Spirit provides sure evidence of God's presence living within us and ensuring our eternal relationship with Him.
